I'm a Software Engineer with two decades of experience spanning various client, server and cloud infrastructure technologies. These days I work with:
- Perl
- Go (golang)
- Infrastructure as Code ala Ansible
- Containers (Docker, rkt) and container orchestration (Kubernetes)
- Microservice Architectures
- Modernizing legacy monoliths and infrastructures

SKILLS

@Work

perl   ansible   gitlab   gitlab ci

docker   kubernetes

go (golang)   mysql   redis

debian   coreos   bash

microservices

@Home

ansible   docker   kubernetes

go (golang)   node.js   mysql

mongodb   confluence   jira

bitbucket   github   debian

coreos   arch linux   bash

Past

php   javascript   java

android   vue.js   jquery

zend framework   silex

symfony   doctrine orm

bamboo   ext js

Learning

go (golang)   big data

red hat linux   red hat openshift

apache hadoop

Want to learn

elasticsearch, logstash, kibana (elk)

apache spark   scala

apache kafka

WORK EXPERIENCE (5)

Software Engineer CAD/CAM at Etkon GmbH/Straumann Group   February 2016- Current

http://www.straumann.com/

perl   ansible   gitlab   gitlab ci   docker   kubernetes   go (golang)   mysql   redis   microservices
